Introduction

Neuropath Behavioral Healthcare offers a hands-on **Developmental Disabilities Internship** within our in-community weekly therapeutic services.

Interns help individuals ages 4–21 build socialization skills, adaptive behaviors and the tools needed to succeed at home and in the community — making a daily impact on quality of life.

Program Overview

> This internship is structured to:

Interns provide 1:1 behavior support in home and community settings using assigned Treatment Plans and Positive Behavior Supports. You will shadow Intensive In-Community (IIC) and Behavioral Assistance (BA) cases, collect data, teach replacement skills, support families and assist therapists with crisis prevention — all under licensed supervision. Flexible scheduling, with evening availability required.
