Behavioral Assistant Internship

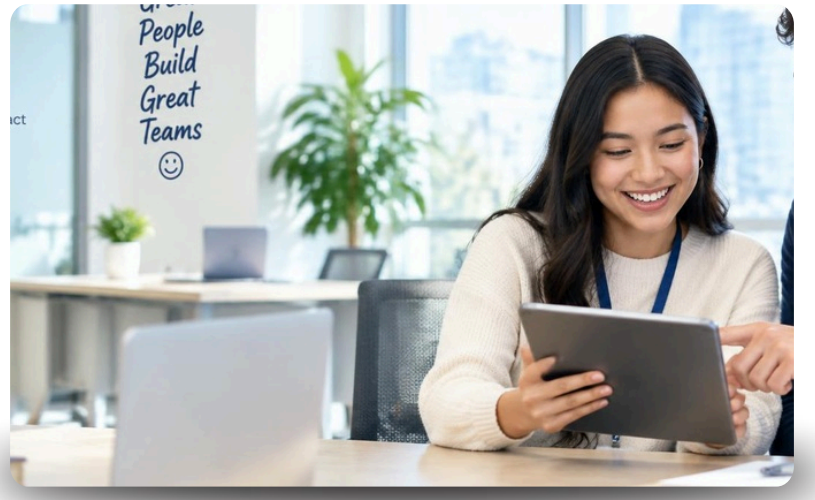

APPLY TODAY!

NEUROPATH
BEHAVIORAL HEALTHCARE

Introduction

Neuropath Behavioral Healthcare offers a hands-on **Behavioral Assistant Internship** for students and recent graduates passionate about youth mental health. Interns will work directly with children and adolescents (ages 4–21) experiencing emotional dysregulation, trauma, or behavioral challenges in home and community settings.

Guided by licensed professionals, interns will gain practical experience in emotional support, therapeutic goal implementation, and trauma-informed care. This role is ideal for those pursuing careers in counseling, psychology, social work, or related fields.

Program Overview

This internship is structured to:

The Behavioral Assistant Internship offers hands-on experience supporting youth with emotional and behavioral challenges in home and community settings. Interns help reinforce therapeutic goals, build coping skills, and provide real-time support under licensed supervision. The role includes exposure to trauma-informed care, documentation practices, and collaborative planning. Interns also gain mentorship, fulfill academic requirements, and may qualify for paid roles after completion.
