Behavioral Technician Internship

APPLY TODAY!

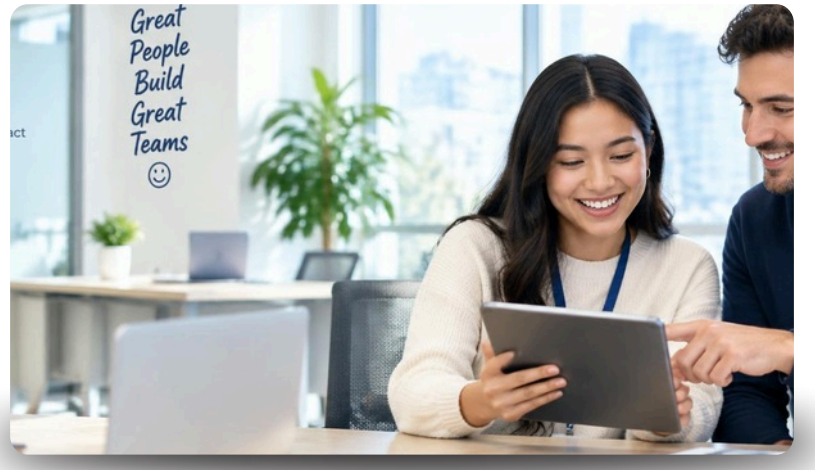

NEUROPATH
BEHAVIORAL HEALTHCARE

Introduction

Neuropath Behavioral Healthcare is seeking compassionate and driven individuals for our **Behavioral Technician Internship**. This opportunity is ideal for students or recent graduates looking to gain hands-on experience supporting youth with intellectual and developmental challenges in home and community-based settings.

Interns will assist in providing one-on-one behavioral services, support treatment goals through therapeutic strategies, and help clients develop adaptive life skills. This internship offers meaningful experience in behavioral healthcare and prepares candidates for future roles in therapy, special education, or behavioral support.

Program Overview

This internship is structured to:

The Behavioral Technician Internship equips interns with practical skills in behavior modification, data collection, and treatment implementation under the supervision of licensed professionals. Interns will gain exposure to behavioral intervention techniques, family education, and psychoeducation for youth aged 4–21. Services are delivered in alignment with individualized Treatment Plans and Positive Behavior Support Plans.
